7. (3) Each of the selection areas mentioned in sub-rule 2 of this rule shall include such Indian States or parts of an Indian State or States, as the Governor General in Council may consider to be most closely united, having regard to considerations of race, language, etc., to the parts of British India included in the selection area.

The Selection Committee shall award, in respect of the interview to those candidates whom they recommend for admission to the examination, marks not exceeding the number of marks mentioned in the regulations made under these rules and the marks so awarded shall be added to the marks gained at the written examination.

(5) Each Selection Committee shall send its list of recommended candidates to the Local Government, who shall forward it to the Public Service Commission with such observations as they may desire to make. 2.(*b*) For candidates for appointment to the Indian Police a minimum height of 5′ 4″ and a minimum chest measurement of 33″ (girth when fully expanded, with a minimum expansion of 2″) are required. These minima are absolute and no medical officer or Board has power to waive them.

3. The candidate's height will be measured as follows :—He will remove his shoes and be placed against the standard with his feet together, and the weight thrown on the heels and not on the toes or outer side of the feet. He will stand erect without rigidity, and with the heel, calves, buttocks and shoulders touching the standard ; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be recorded in inches and parts of an inch to quarters.

4. The candidate's chest will be measured as follows :—He will be made to stand erect with his feet together, and to raise his arms over his head. The tape will be so adjusted round the chest that its upper edge touches the inferior angles of the shoulder blades behind, and its lower edge the upper

part of the nipples in front. The arms will then be lowered to hang loosely by the side, and care be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times, and the maximum expansion of the chest will be carefully noted.

The minimum and maximum will then be recorded in inches, 33—35, 34—36½, etc.

In recording the measurements, fractions of less than ½ inch should not be noted.

5. The candidate will also be weighed, and his weight recorded in pounds. Fractions of a pound should not be noted.

6. *Note.*—Special rules apply to Railway Servants, Pilots, Royal Indian Marine.

(A) The examination for determining the acuteness of vision includes two tests, one for distant, the other for near, vision. Snellen's test types will be used for the test for distant vision, without glasses at a distance of 20 feet, and for the test for near vision without glasses, at any distance selected by the candidate. The standards of the minimum acuteness of vision which will be used for guidance in the examination of a candidate are as follows :—

(D) Each eye will be examined separately and the lids must be kept wide open during the test.

(A contact glass or lens is defined as a glass shell, the concavity of which is in contact with the globe of the eye, a layer of liquid being interposed between the lens and the cornea. The meaning of the word "glasses" wherever used above is to be interpreted as not covering contact glasses.)

7. The urine (passed in presence of the Examiner) should be examined and the result recorded.

If, however, a candidate claims that his age is other than that so recorded he must submit to the Commission *direct* the evidence on which he bases his claim as soon as he has submitted his application to the authority mentioned in clause (*b*) above. In such a case the Public Service Commission will require, among other evidence, an extract relating to the candidate's birth from the Municipal Birth Register duly attested by the issuing authority or the Baptismal certificate in original, a satisfactory explanation of the circumstances in which a wrong age was recorded and a statement of any attempts made by the candidate to have the record amended and of the results of such attempts. (*f*) A candidate for whom a declaration under Section 96-A of the Government of India Act, 1919, is necessary should *immediately on receipt of the Application Form* take step to obtain the declaration. He will not be appointed unless he has obtained the declaration.
